Disclosure of information comparability in the consolidated financial statements:

The comparative figures presented in the consolidated balance sheet for the third quarter and the related notes are based on the audited consolidated financial statements for the fiscal year ended December 31, 2024. The comparative figures in the consolidated income statement for the third quarter, the consolidated cash flow statement for the third quarter, and the related notes are based on the consolidated financial statements of Quarter 3, for the nine-month accounting period ended September 30, 2024.

Seasonality and cyclicity aspects of business activities on the consolidated financial statements:

The Company's business activities are not seasonal or cyclical, and do not affect the consolidated income statement.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation of consolidated financial statements**

The consolidated financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of consolidated financial statements. The consolidated financial statements have been prepared under the historical cost convention.

The accompanying consolidated financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

The consolidated financial statements in the Vietnamese language are the official consolidated financial statements of the Company and its subsidiaries. The consolidated financial statements in the English language have been translated from the Vietnamese version.

2.2 Fiscal year

The fiscal year of the Company and its subsidiaries is from 1 January to 31 December.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements are measured and presented in Vietnamese Dong (“VND”), which is the accounting currency of the Company and its subsidiaries.

2.4 Exchange rates

Transactions arising in foreign currencies are translated at exchange rates prevailing at the transaction dates. Foreign exchange differences arising from these transactions are recognised in the consolidated income statement.

Monetary assets and liabilities denominated in foreign currencies at the consolidated balance sheet date are translated at the transfer rates at the consolidated balance sheet date of the commercial banks with which the Company and its subsidiaries regularly trade. Foreign exchange differences arising from these translations are recognised in the consolidated income statement.

Borrowings in foreign currencies were hedged by the Company using forward contracts. The difference between the exchange rate on the drawdown date and the forward exchange rate stated in forward contracts is recognized to the borrowing principal and to financial income or financial expenses on a straight-line basis over the borrowing period.

2.5 Basis of consolidation**Subsidiaries**

Subsidiaries are all entities over which the Company has the power to govern the financial and operating policies in order to gain future benefits from its activities generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company. It is de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiaries by the Company. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the acquirer's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated income statement.

Inter-company transactions, balances and unrealised gains and losses on transactions between group companies are eliminated.

Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Company.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.5 Basis of consolidation (continued)****Non-controlling transactions and interests**

The Company applies a policy for transactions with non-controlling interests (“NCI”) as transactions with external parties not belonging to the Company and its subsidiaries.

Non-controlling interest (“NCI”) are measured at their proportionate share of the acquiree’s identifiable net assets at date of acquisition.

Transactions leading to the change in the Company’s ownership interest in a subsidiary that does not result in a loss of control is accounted for as a transaction with owner’s equity. The difference between the change in the Company’s share of net assets of the subsidiary and any consideration paid or received from divestment of the Company’s interest in the subsidiary is recorded directly in the undistributed earnings under equity.

Transactions leading to the change in the Company’s ownership interest in a subsidiary that results in a loss of control, the difference between the Company’s share in the net assets of the subsidiary and the net proceeds from divestment is recognised in the consolidated income statement. The retained interest in the entity will be accounted for as either an investment in another entity or an investment to be accounted for as equity since the divestment date.

2.6 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at bank and other short-term investments with an original maturity of three months or less.

2.7 Receivables

Receivables represent trade receivables from customers arising from sales of goods and rendering of services or non-trade receivables from others and are stated at cost. Provision for doubtful debts is made for each outstanding amount based on overdue days in payment according to the initial payment commitment (exclusive of the payment rescheduling between parties), or based on the estimated loss that may arise. The difference between the provision of this period and the provision of the previous period is recognised as an increase or decrease of general and administrative expenses in the period. Bad debts are written off when identified as uncollectible.

Receivables are classified into short-term and long-term receivables on the consolidated balance sheet based on the remaining period from the consolidated balance sheet date to the maturity date.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.8 Inventories**

Inventories are stated at the lower of cost and net realisable value. Cost is determined by the first-in first-out method and includes all costs of purchase, costs of conversion and other directly-related costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the normal course of business, less the estimated costs of completion and selling expenses.

The Company and its subsidiaries apply the perpetual system for inventories.

Provision is made, when necessary, for obsolete, slow-moving and defective inventory items. The difference between the provision of this period and the provision of the previous period is recognised as an increase or decrease of cost of goods sold in the period.

2.9 Investments**(a) Investments held to maturity**

Investments held to maturity are investments which the Company and its subsidiaries have a positive intention and ability to hold until maturity.

Investments held to maturity include term deposits. Those investments are initially accounted for at cost. Subsequently, the Company and its subsidiaries review all outstanding investments to determine the amount of provision to recognise at the period end.

Provision for diminution in value of investments held to maturity is made when there is evidence that the investment is uncollectible in whole or in part. Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

Investments held to maturity are classified into short-term and long-term investments held to maturity on the consolidated balance sheet based on the remaining period from the consolidated balance sheet date to the maturity date.

(b) Investments in other entities

Investments in other entities are investments in equity instruments of other entities without controlling rights or co-controlling rights, or without significant influence over the investee. These investments are accounted for initially at cost. Subsequently, the Company and its subsidiaries review all outstanding investments to determine the amount of provision to recognise at the period end.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.9 Investments (continued)****(c) Provision for investments in other entities**

Provision for investments in other entities is made when there is a diminution in value of the investments at the period end. Regarding investments in listed shares or those whose fair value can be determined reliably, the provision for diminution in value is made when cost is higher than market value. For other investments, provision for diminution in value is made when the investees make losses.

Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

2.10 Lendings

Lendings are lendings granted for the earning of interest under agreements among parties but not for being traded as securities.

Lendings are initially recognised at cost. Subsequently, the Company and its subsidiaries review all outstanding amounts to determine the amount of provision to recognise at the period end. Provision for doubtful lendings is made for each lending based on overdue days in payment of principals according to the initial payment commitment (exclusive of the payment rescheduling between parties), or based on the estimated loss that may arise. Changes in the provision balance during the accounting period are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

Lendings are classified into short-term and long-term lendings on the consolidated balance sheet based on the remaining term of the lendings as at the consolidated balance sheet date.

2.11 Fixed assets*Tangible and intangible fixed assets*

Fixed assets are stated at historical cost less accumulated depreciation/amortisation. Historical cost includes any expenditure that is directly attributable to the acquisition of the fixed assets bringing them to suitable conditions for their intended use. Expenditure incurred subsequently which has resulted in an increase in the future economic benefits expected to be obtained from the use of fixed assets, can be capitalised as an additional historical cost. Otherwise, such expenditure is charged to the consolidated income statement when incurred in the period.

FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.11 Fixed assets (continued)

Depreciation and amortisation

Fixed assets are depreciated and amortised using the straight-line basis so as to write off the depreciable amount of the fixed assets over their estimated useful lives. Depreciable amount equals to the historical cost of fixed assets recorded in the financial statements minus (-) the estimated disposal value of such assets. The estimated useful lives of each asset class are as follows:

Buildings and structures	8 – 25 years
Machinery, equipment	3 – 15 years
Office equipment	3 – 10 years
Motor vehicles	6 years
Other tangible fixed assets	5 years
Copyrights, patents	3 years
Software	3 – 8 years

Indefinite land use rights are stated at costs and not amortised.

Copyrights and operation licences are the rights and licenses to operate international cable routes and are amortised using the straight-line method over the terms in the licences and operation right contracts.

Disposals

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the consolidated income statement.

Construction in progress

Construction in progress represents the cost of assets in the course of installation or construction for production, rental or administrative purposes, or for purposes not yet determined, which are recorded at. Depreciation of these assets, on the same basis as other fixed assets, commences when they are ready for their intended use.

2.12 Leased assets

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the consolidated income statement on a straight-line basis over the term of the lease.

2.13 Long-term prepaid expenses

Long-term prepaid expenses mainly include service deployment costs for new subscribers. Long-term prepaid expenses are recorded at actual cost and allocated on a straight-line basis over their estimated useful lives which are as follows:

Deployment costs - Equipment and materials for internet service	2.5 years
Deployment costs - Equipment and materials for television service	2 years
Deployment costs - External services	2 years

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.14 Payables**

Classifications of payables are based on their nature as follows:

- Trade accounts payable are trade payables arising from purchase of goods and services; and
- Other payables are non-trade payables, and payables not relating to purchases of goods and services.

Payables are classified into short-term and long-term payables on the consolidated balance sheet based on the remaining period from the consolidated balance sheet date to the maturity date.

2.15 Borrowings

Borrowings include borrowings from banks and other entities.

Borrowings are classified into short-term and long-term borrowings on the consolidated balance sheet based on the remaining period from the consolidated balance sheet date to the maturity date.

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use. In respect of general-purpose borrowings, a portion of which is used for the purpose of construction or production of any qualifying assets, the Company and its subsidiaries determine the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the weighted average expenditure on that asset. The capitalisation rate is the weighted average of the interest rates applicable to the Company and its subsidiaries' borrowings that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are recognised in the consolidated income statement when incurred.

2.16 Accrued expenses

Accrued expenses include liabilities for goods and services received in the period but not yet paid for, due to pending invoices or insufficient records and documents. Accrued expenses are recorded as expenses in the reporting period.

2.17 Provisions

Provisions are recognised when the Company and its subsidiaries have a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the level of the expenditures expected to be required to settle the obligation. If the time value of money is material, provisions will be measured at the present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a financial expense. Changes in the provision balance during the accounting period are recorded as an increase or decrease in operating expenses.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.18 Provision for severance allowances**

In accordance with Vietnamese labour laws, employees of the Company and its subsidiaries who have worked regularly for full 12 months or longer are entitled to a severance allowance. The working period used for the calculation of severance allowance is the period during which the employee actually works for the Company and its subsidiaries less the period during which the employee participates in the unemployment insurance scheme in accordance with the labour regulations and the working period for which the employee has received severance allowance from the Company and its subsidiaries.

The severance allowance is accrued at the end of the reporting period on the basis that each employee is entitled to half of an average monthly salary for each working year. The average monthly salary used for calculating the severance allowance is the employee contract's average salary for the six-month period prior to the consolidated balance sheet date.

This allowance will be paid as a lump sum when the employees terminate their labour contracts in accordance with current regulations.

The Company and its subsidiaries did not recognise the above provision for severance allowance due to the application of the Circular No. 180/2012/TT-BTC of the Ministry of Finance issued on 24 October 2012. The Company and its subsidiaries recognised as an expense in the accounting period when the Company actually pays severance allowances to employees.

2.19 Unearned revenue

Unearned revenue mainly comprises the amounts that customers have paid in advance for telecommunication services for many accounting periods. The Company and its subsidiaries record unearned revenue for the future obligations that the Company and its subsidiaries have to fulfill. Unearned revenue is recognised as revenue in the consolidated income statement in accounting period to the extent that recognition criteria have been met.

2.20 Capital and reserves

Owners' capital is recorded according to the actual amounts contributed at the par value of the shares.

Owners' other capital represents other capital held by the owners at the reporting date, mainly related to accounting for share dividends received from subsidiaries.

Undistributed earnings record the Company and its subsidiaries' result profit after CIT at the reporting date.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.21 Appropriation of profit**

The Company's dividends are recognised as a liability on the final registration date for dividend payment to shareholders.

Net profit after CIT could be distributed to shareholders after approval at the Shareholders' General Meeting, and after appropriation to other funds in accordance with the Company and its subsidiaries' charter and Vietnamese regulations.

The Company and its subsidiaries' funds are as below:

(a) Investment and development fund

Investment and development fund is appropriated from profits after CIT of the Company and its subsidiaries and approved at the Shareholders' General Meeting. The fund is used to provide capital for investment projects of the Company.

(b) Bonus and welfare fund

The bonus and welfare fund is appropriated from the Company and its subsidiaries' profit after CIT and subject to shareholders' approval at the Shareholders' General Meeting. This fund is presented as a liability on the consolidated balance sheet. This fund is used to reward, improve and enhance employees' lives.

2.22 Revenue recognition**(a) Revenue from sales of goods**

Revenue from sales of goods is recognised in the consolidated income statement when all five (5) of the following conditions are satisfied:

- The Company and its subsidiaries have transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Company and its subsidiaries retain neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company and its subsidiaries; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or the possible return of goods.

Revenue is recognised in accordance with the "substance over form" principle and allocated to each sale obligation.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.22 Revenue recognition (continued)****(b) Revenue from rendering of services**

Revenue from rendering of services is recognised in the consolidated income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided.

Revenue from the rendering of services is only recognised when all four (4) of the following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company and its subsidiaries;
- The percentage of completion of the transaction at the consolidated balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

(c) Interest income

Interest income is recognised on the basis of the actual time and interest rates for each period when two (2) of the following conditions are simultaneously satisfied:

- It is probable that economic benefits will be generated; and
- Income can be measured reliably.

(d) Dividends income

Income from dividends is recognised when the Company and its subsidiaries has established receiving rights from investees.

2.23 Sales deductions

Sales deductions include trade discounts, sales returns and allowances. Sales deductions incurred in the same period of the related revenue from sales of products, goods and rendering of services are recorded as deduction of revenue of that period.

Sales deductions for sales of products, goods or rendering of services which are sold in the period but are incurred after the consolidated balance sheet date but before the issuance of the consolidated financial statements are recorded as a deduction of revenue of that period.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**2.24 Cost of goods sold and services rendered**

Cost of goods sold and cost of services rendered are cost of goods, merchandise sold or services rendered during the period, and recorded on the basis of matching with revenue and on a prudent basis.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025**

2.25 Financial expenses

Financial expenses are expenses incurred in the period for financial activities mainly including interest expense and losses from foreign exchange differences.

2.26 Selling expenses

Selling expenses represent expenses that are incurred in the process of selling products, goods, and providing services.

2.27 General and administration expenses

General and administration expenses represent expenses that are incurred for administrative purposes of the Company and its subsidiaries.

2.28 Current and deferred income tax

Income tax includes all income tax which is based on taxable profits. Income tax expense comprises current income tax expense and deferred income tax expense.

Current income tax is the amount of income taxes payable or recoverable in respect of the current year taxable profits at the current tax rates. Current and deferred income tax are recognised as an income or an expense and included in profit or loss of the period, except to the extent that the tax arises from a transaction or event which is recognised, in the same or a different period, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the consolidated balance sheet date.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE SECOND QUARTER PERIOD ENDED 30 SEP 2025****2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)****2.29 Related parties**

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Company and its subsidiaries, including holding companies, subsidiaries and fellow subsidiaries are related parties of the Company and its subsidiaries. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company and its subsidiaries that gives them significant influence over the Company and its subsidiaries, key management personnel, including the Company's Board of Directors, the Board of Supervision, the Board of Management and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering its relationships with each related party, the Company and its subsidiaries consider the substance of the relationships, not merely the legal form.

2.30 Segment reporting

A segment is a component which can be separated by the Company and its subsidiaries engaged in sales of goods or rendering of services ("business segment"), or sales of goods or rendering of services within a particular economic environment ("geographical segment"). Each segment is subject to risks and returns that are different from those of other segments. A reportable segment is the Company and its subsidiaries' business segment or the Company and its subsidiaries' geographical segment.

2.31 Critical accounting estimates

The preparation of consolidated financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of consolidated financial statements requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the financial period.

The areas involving significant estimates and assumptions are as follows:

- Estimation of provision for doubtful debts (Note 2.7 and Note 5);
- Estimation of provision for decline in value of inventories (Note 2.8 and Note 7);
- Estimated useful lives of fixed assets (Note 2.11 and Note 10,11); and
- Estimation of CIT (Note 2.28).

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the consolidated financial statements of the Company and its subsidiaries and are assessed by the Board of Management to be reasonable under the circumstances.
